

CHRISTOPHER SILVIA

Senior Accountant

How would you describe working at LMHS: *LMHS is more than just a CPA firm, we are a family that does more than just tax/audit work. We work hard for our clients with whatever they need.*

What is your favorite part of your job?

How diverse it can be. For me, coming right out of college my knowledge was limited in all areas of accounting. With just 2 years of working at LMHS, I am comfortable and capable of performing audits, reviews, tax preparation, and more. LMHS has given me the opportunities to be diverse and preparing me for the CPA exam.

Do you have a favorite motto ?

"It's a great day for a great day" – every day is not guaranteed, so you have to make the most of it.

Any advice you would like to share?

Work for a medium – small CPA firm. They teach you to be well rounded in the accounting field, instead of focusing you on just one accounting area.

LMHS, P.C.

Certified Public Accountants and Advisors
