We hope this announcement finds you and your families well. As many of you know, the Federal government signed into law the CARES act on March 27, 2020 in an effort to provide financial support to the American people facing hardship due to COVID-19. A component of the Act included the SBA's Paycheck Protection Program to help protect jobs and lessen the burden on businesses. LMHS, P.C. is pleased to report that our efforts secured over **\$75 million dollars** of SBA PPP funds for our clients these last few months! We would like to acknowledge our in-house council, Amanda Clouden, for her tireless efforts researching the loan program, providing our staff with hour-by-hour updates, and compiling countless memos for distribution. We are extremely grateful to have Amanda on our team and without her guidance and leadership the last few weeks, we would certainly not have been able to accomplish this feat.

Lastly, we would like to thank our clients for their support during these confusing and tumultuous times. We greatly appreciate your trust and loyalty, you are what make LMHS.
