

LYNDSEY M. NILES, CPA, MST

Senior Account Manager

Use 3 words to describe working at LMHS:
Dynamic, Rewarding, Balance

What is your favorite part of your job?
My favorite part of my job is having the ability to help clients navigate important business decisions and ensure they are on the right path for continued success. It is incredibly rewarding to know you are able to bring value to a client's business. The projects are always evolving, there is never a dull moment. The firm truly believes, and strives, to create a true work-life balance. In a profession where it is possible to work around the clock, the firm encourages you to take time off and enjoy life outside of work. On a non-client related note, our spring and fall golf league is an added bonus!

What's a fun fact/something unique about you?
I am the mother to two amazing little girls; I enjoy the beach, traveling, and spending time with family.
